EDUCATION

Ph.D. Candidate, Communication

Fall 2021 - Present

Department of Communication, University of California, Santa Barbara
Dissertation Chair: Dr. Rene Weber (renew@ucsb.edu)

Expected Conferral June 2026

Master of Arts, Communication

Fall 2021 - Fall 2023

Department of Communication, University of California, Santa Barbara

Thesis: *Neurobiological Predispositions and Developmental Trajectories of Gaming Disorder in Adolescents: A Longitudinal ABCD Study Analysis*

Bachelor of Science in Psychology

Aug 2015 - Aug 2019

Bachelors of Arts in Communication

University of Alabama, Birmingham

PUBLICATIONS

GRANTS

Compulsive Media Use in Adolescents and Young Adults

2025 - 2029

Name of PD/PI: Hye Eun Lee & Rene Weber (Co-PIs) – **Kylie Woodman** (Graduate Collaborator)

Source of Support: National Research Foundation of Korea

Total New Award Amount (including Indirect Costs): \$75,000

Neural Mechanisms of Video Game Addiction

2025 - 2026

Name of PD/PI: Rene Weber – **Kylie Falcione** (Project Organizer)

Source of Support: UCSB Faculty Research Grant

Total New Award Amount (including Indirect Costs): \$20,000

Neural Mechanisms of Video Game Addiction

Final Stage of Review

Name of PD/PI: Rene Weber – **Kylie Falcione** (Project Organizer)

Source of Support: International Center for Responsible Gambling (ICRG)

Expected Amount : \$180,000

WORKING PAPERS

Falcione, K. & Weber, R. (in submission). Neurobiological predispositions and developmental trajectories of gaming disorder in adolescents: A longitudinal ABCD study analysis. *Neuroimage*

Falcione, K., Domoff S., Emond, J., McDaniel B. & Magis-Weinberg L. (in submission). Clinical Cut-Off Scores for the Adolescent Brain Cognitive Development Study's Media Addiction Questionnaires. *JAMA Pediatrics*

Wilson, V. , **Falcione, K.,** Wilson, S. & Afifi, T. (in submission). The Anatomy of Resilient Talk: Linguistic Markers of Relational and Psychological Health in Couples' Conversations about Stress. *Journal of Communication*

Falcione, K., Domoff S., Karalunas, S., Becker, A., Allen, A., (in preparation). Difficulties in Emotion Regulation: Longitudinal Associations with Problematic Media Use in Early Adolescence.

Falcione, K. & Wilson, V. (in preparation). Digital Safe Havens: An In-Depth Analysis of LGBTQ Adolescents' Media Use Patterns and Their Protective Role Against Mental Health Challenges

Falcione, K., Wheeler, B., & Weber, R. (in preparation). Socially-Oriented Media: A Buffer For Depression, Anxiety, and Suicidal Ideation in LGBTQ Teens Experiencing Stigma

2024 - 2025 CONFERENCES AND SYMPOSIA PRESENTATIONS

Domoff, S., **Falcione, K.,** Karalunas, S. (2025, July). Exploring Adolescent Social Media Behavior: Patterns, Profiles, and Implications from Passive Sensing Data. Poster accepted to the 10th International Conference on Behavioral Addictions in Nantes, France

Falcione, K. & Weber, R. (2025, July). A Latent Profile Analysis Approach to Examining the Nuance in LGBTQ Teen Phone Use and Related Outcomes: An ABCD Study. Poster submitted to the Digital Media and Developing Minds Scientific Congress, Washington D.C., USA

Malik, M., **Falcione, K.,** Wheeler, B., & Weber, R. (2025, June). The ecological determinants of morality: A global analysis of news media content. Paper submitted to the annual meeting of the International Communication Association (ICA), Denver, Colorado, USA.

Woodman, K. & Shawcroft, J. (2025, May). Understanding the Moderating Role of Social Phone Use in the Longitudinal Relationship Between Family Conflict and Psychopathology Using ABCD Data [Paper Presentation]. International Society for Research in Child Development (SRCD) in Minneapolis, Minnesota

Woodman, K., Domoff S., Emond, J., McDaniel B. & Magis-Weinberg L. (2025, May). The Problematic Media Use Measure: Establishing Clinical Cut-offs and Evaluating Longitudinal Associations with Psychopathology and Functioning in the ABCD Study [Paper Presentation]. International Society for Research in Child Development (SRCD) in Minneapolis, Minnesota

Falcione, K. & Wilson, V. (2025, April). Leveraging AI for Learning: Insights from a Course on Media & Children [Research Poster]. 2nd Annual AI COP Spring Symposium in Santa Barbara, California, USA.

Falcione, K. & Weber, R. (April, 2025). Differences in Adolescent Male and Female Resting-State Functional Connectivity of Problematic Media Use [Research Poster]. Social Affective Neuroscience Society (SANS) in Chicago, Illinois, USA.

Falcione, K. & Weber, R. (April, 2025). Neurobiological Trajectories of Gaming Disorder in Adolescents: A Longitudinal ABCD Study Analysis [Research Poster]. Social Affective Neuroscience Society (SANS) in Chicago, Illinois, USA.

Malik, M., **Falcione, K.,** Wheeler, B., & Weber, R. (2025, April). The ecological determinants of morality: A global analysis of news media content. Paper submitted to 8th meeting of the Moral Media, Buffalo, NY.

***Top Paper Award**

2024 - 2025 CONFERENCES AND SYMPOSIA PRESENTATIONS

HONORS AND AWARDS

- **Outstanding Graduate Student Service Award** 2025
- **Grad Slam Preliminary Round Winner** (\$1000) from UCSB's Graduate Division 2025
- **Carol Genetti Graduate Mentoring Award** (\$1000) from UCSB's Graduate Division 2024
- **APS Student Travel Grant** (\$250) 2024
- **Graduate Student Association Travel Grant** (\$500) to attend the Digital Media and Developing Minds Conference 2023
- **Edwin Schoell Teaching Award** from UCSB's Department of Communication 2023
- **Excellence in Teaching Award** from UCSB's Graduate Student Association 2023
- **Top Poster** at the International Communication Association 2023
- **NCA Student Caucus Travel Grant** (\$200) 2022
- **National ABCD Team Member of the Year Award** 2021
- **UAB College of Arts and Science Outstanding Student Award** 2019
- **Passey Prize** - UAB's outstanding student in Psychology award 2019
- **First Place Research Presentation** in UAB's Undergraduate Research Competition 2018

TEACHING EXPERIENCE

Instructor of Record

INT 93LS - Research in Stem: The Digital Brain Summer 2025

The Science Behind How New Media Is Shaping Our Brain and Behaviors

- *Intensive hands-on research academy mentoring 30 high school students to conduct and present original research projects*

Comm 133: Media and Children

Summer 2024

Effects of Mass Communication and Interactive Media on Children

- *Modified an existing course to incorporate more hands-on activities and self-reflections on media use*

Undergraduate Teaching Assistant

- Psych 163IT: Neurocircuitry of Psychiatric Disorders (Spring 2025)
- Comm 133: Media and Children (Fall 2024 & Winter 2025)
- Comm 154: Video Game Research (Fall 2025)
- INT 95A: Modern Research University (Summer 2024)
- INT 93LS: Research in STEM (Summer 2023 & Summer 2024)
- Comm 102: Mass Communication Theory (Spring 2024)
- Comm 87: Statistical Analysis in Communication (Winter 2024)
- Comm 88: Research Methods (Fall 2021, Winter 2022, Spring 2023, Summer 2023)
- Comm 1: Introduction to Communication (Fall 2022 & Winter 2023)
- Comm 89: Theories in Communication (Spring 2022, Summer 2022)

Department Tutor - Comm 88 & Comm 87

Spring 2022 & Winter 2023

GUEST LECTURES

- Comm 133: Media Addiction in Adolescents (July 2025)
- Comm 133: Social Media and Children (February 2025)
- INT93-LS: Media Addiction in Adolescents (July 2024)
- Comm 102: Uses and Gratifications (May 2024)
- Comm 133: Social Media and Children (November 2023)
- Comm 89: Cognitive Dissonance (July 2022)
- Empathy and Theory of Mind (November 2017)

INVITED TALKS

DEI Research Round Table - YouTube Headquarters, San Bruno, CA

March 2025

Title: Media, Well-Being, and Addiction: What do we know? And where do we go?

SERVICE TO THE FIELD

Hackathon Organizer

Summer 2022 - Present

International Communication Association Hackathon

- Worked with a team of 8 individuals to coordinate an international hackathon, bringing together 30+ scholars to learn and innovate through communication science
- Designed and advertised for the event by creating logos & flyers, placing supply orders, and coordinating transportation for the hackathon

Volunteer, The Association for Psychological Science (APS) Conference

May 2024

Tech Squad Volunteer, International Communication Association (ICA) Conference

May 2022

UCSB POSITIONS OF SERVICE

Departmental Climate Chair

Winter 2023-Present

Graduate Student Advisory Committee to the Chair

- Led a team of 5-7 graduate students (Party Planning Committee) to host quarterly departmental events that bring together community members (12 total events to date)
- Developed a standard operating procedure to help future holders of the position transition smoothly into the role

Teaching Award Review Committee

Spring 2024 - 2025

Graduate Student Association - UCSB

- Reviewed over 50 teaching award applications from across campus, met multiple times with a committee to decide on winners for the GSA Excellence in Teaching Award

Office Assignment Representative

Winter 2022 - Winter 2023

Graduate Student Advisory Committee to the Chair

- Met with business officers and graduate students to create a well-documented standard procedure for office assignments

Vice President

Spring 2022 - Winter 2023

Graduate Student Apartment Community Council

- Planned 4 major events at the San Clemente Apartments to connect graduate students to their peers in the complex, often gathering groups of 60+ students
-

ACTIVE MEMBERSHIPS

- National Communication Association
 - LGBTQ+ Caucus
 - International Communication Association
 - Children, Adolescents, and Media (CAM) Division
 - Cognitive Science and Biology (CSAB) Division
 - Video Games Division
 - Social Affective Neuroscience Society
 - The Society for Research in Child Development (SRCD)
 - Children and Screens
 - Association of Psychological Sciences
-

AD HOC REVIEWING

- Emerging Adulthood, Journal 2025
- Media Psychology, Journal 2025
- Media and Communication, Journal 2023
- International Communication Association, Annual Conference 2022, 2023, 2024
- National Communication Association, Annual Conference 2022, 2024

TECHNICAL SKILLS

Coding

- Python (seaborn, numpy, scipy, scikit-learn, pandas, matplotlib, nilearn, nipyype)
- R (lavaan, tidyverse, recipes, markdown, qmd)
- Bash scripting
- MPlus

Relevant Software

- PsychoPy, Qualtrics, Prolific, G*Power, fMRI analysis (FSL, freesurfer, nilearn, nipyype, fMRIPrep), SONA systems, Amazon Mechanical Turk (MTurk), Google Cloud Compute Engine, Adobe Suite

Reproducibility and Open Science

- Docker, Singularity, Conda, Open Science Foundation (OSF), DataLab, Github, Jupyter, Flywheel

Trainings and Certificates

- American Red Cross Adult CPR Certified (W25)
- Certificate in College and University Teaching (CCUT, S24)
- Mental Health First Aid (F23)
- ABCD Repronim Course (<https://www.abcd-repronim.org/> ; W22-S22)
- QPR (suicide gatekeeper training)
- LGBTQ+ SafeZone
- American Red Cross Childcare

Clinical Interviewing

- Kiddie Schedule for Affective Disorders and Schizophrenia (K-SADS)

Equipment

- Siemens Prisma T3 Magnetic Resonance Imaging (MRI)
- Eyelink 1000 (eye tracking software)

Biospecimen Training

- Blood Processing, Dräger Breathalyzer (AlcoTest® 5510), Dräger Drug Test 5000®, NicAlert Nicotine Exposure Urine Test, Psychomedics Hair, RUCDR DNA Saliva, and Salimetrics

Ethics

- Collaborative Institutional Training Initiative (CITI) Training: Human Subjects Research, Social/Behavior Research
- HIPPA training

RESEARCH EXPERIENCE

University of California, Santa Barbara

Summer 2024-Present

Brain Imaging Center

Administrator & Scanner Operator

- Led campus-wide training on MRI safety and operations, certifying faculty, students, and staff in standardized neuroimaging protocols and compliance with institutional safety standards.
- Collaborated on 10+ neuroimaging protocols with interdisciplinary research teams and authored funding reports that supported pilot data grants and donor engagement.

University of California, Santa Barbara

Fall 2021-Present

Media Neuroscience Lab

Graduate Student Researcher

Primary Investigator: Rene Weber, M.D., Ph.D.

- Managing a national Open-Source dataset through the National Institute of Health (NIH), whilst upholding a gold standard of open science practices
- Leading MRI scanning procedures and data collection of 32 scans and point of contact for the UCSB Brain Imaging Center
- Developing a 3D modeling pipeline for neuroimage processing to produce 3D models of T1 brain images efficiently
- Research Assistant Manager, coordinating 20 research assistants to actively engage in the Communication scholarship

RESEARCH EXPERIENCE

Yale University

Summer 2019 - Summer 2021

Fundamentals of the Adolescent Brain (FAB) Lab

Site Coordinator

Primary Investigator: BJ Casey, Ph.D.

- Managed a team of research assistants and undergraduates to conduct a multisite longitudinal study
- Collected structural, diffusion-weighted, resting state, and task-based functional MRI Magnetic Resonance Imaging (MRI) data from children ages 9-13
- Conducted interviews with validated questionnaires and neurocognitive assessments for 4 time points
- Wrote programs in Python to organize and sort MRI data files and optimize the processing of over 5,000 brain scans using BIDS formatting

University of Alabama, Birmingham

Fall 2015 - Spring 2019

Parenting Challenges with Kids (PaCK) Lab

Undergraduate Research Assistant

Primary Investigator: Christina Rodriguez, Ph.D.

- Facilitated data collection for over 400 participants on an NICHD funded longitudinal research study evaluating the evolution of child abuse risk across multiple time points
- Assisted in developing a new measure of empathy and assessed its validity

PAST CONFERENCES AND SYMPOSIA PRESENTATIONS

Utom, C., Lundstedt, J. L., Belinfante, J., Nelson, M., **Woodman**, K., Weber, R. (2024, May). Unraveling the Ties Between Problematic Social Media Use, Emotion Regulation, and Psychological Well-being [Research Poster]. APS 2024, San Francisco, CA.

Liedtke Lundstedt, J., Utom, C., Belinfante, J., Nelson, M., **Woodman**, K., Weber, R. (2024, May). Exploring the Resting-State Functional Connectivity of Problematic Social Media Use [Research Proposal Poster]. APS 2024, San Francisco, CA.

Burgos-Ramirez, M., Manuto, E., Ramakrishnan, T., **Woodman**, K. (2024, May). Wired to Play: Investigating the Link Between Autism and the Development of Gaming Disorders in Adolescents [Research Poster]. APS 2024, San Francisco, CA.

Nelson, M., **Woodman**, K., Youk, S., Malik, M., Belinfante, J., Lundstedt, J. L., Utom, C., Weber, R. (2024). Expressing Collective Spatial Communication in Goal-Oriented Virtual Worlds [Research Proposal Poster]. APS 2024, San Francisco, CA.
